Subject: FW: Bill Pickett Rodeo – VIP Offer and Mayor Recognition Opportunity

Good afternoon!

At the retreat, you had asked about tickets to some of the events at the horse park. Below is what the Bill Pickett Rodeo has offered to us. Please let me know how you would like to proceed and I will get with Rebecca at the horse park.

The event promoter is offering one complimentary VIP table for the Mayor and Council (one table with six total seats) to one Bill Pickett Rodeo performance in 2026. The available show options are:

- **Saturday, April 18 at 7:30 PM** (Gates open at 6:00 PM)
- **Saturday, August 1 at 7:30 PM** (Gates open at 6:00 PM)

Once a preferred show is selected, tickets will be issued for that performance.

In addition, the promoter has offered to recognize the Mayor as the Grand Marshal during the selected show. This would include an introduction at the beginning of the rodeo; the Mayor would not be required to speak.

The Bill Pickett Rodeo has also expressed interest in highlighting the Mayor and her story on their website with a short bio and photo during the month of February in recognition of Black History Month. If approved, they would need the bio and photo emailed to them in advance.

Please let me know how you would like to proceed.

Thank you!

Sorry for my delayed response. For most of the day Verizon had no service so I couldn't respond.

I would be in favor of more discussions concerning the appointment committees. The copy of the Charter that I have states that ^The Mayor shall appoint any Council Committees ^. My copy states nothing about approval of committee appointments by resolution.

Also, if we're allowed to continue to discuss the Mayor's request for an assistant, I'd be happy to participate in that.

If there's language in The Charter allowing the Mayor to have an assistant, I could not find it. There, also, is no language saying the Mayor can't have an assistant. And, it seems to me that The Charter doesn't cover situations such as this issue with the Mayor requesting an assistant or any other wording pertaining to anything unusual coming before the Mayor and the Council.

For the record....I am not pretending to have a wealth of knowledge about the Charter bc I don't.

Before finalizing committee assignments there needs to be a discussion with the council. This wasn't discussed at the retreat which would have been a great time to have that conversation. I'm not sure the best way to do this since I don't think it is a reason to have an executive session. Please advise.

Thanks,

Employment Status & Hours

This position is a contract role and does not include benefits.

The Mayor's Assistant will work **up to 20 hours per week, based on operational needs and scheduled commitments.

Purpose & Public Need Statement

The Mayor of Conyers is obligated to serve on multiple boards, attend regional and intergovernmental meetings, and maintain a strong presence at community events and public forums. In many instances, residents and organizations specifically request representation from the Mayor's office, rather than from City departments or individual Council members.

At times, multiple meetings and community obligations occur on the same day and at overlapping times, making it impractical for the Mayor to attend every engagement personally. In these instances, the Mayor's Assistant may attend meetings on behalf of the Mayor for information-gathering, coordination, and follow-up purposes only.

Citizens have consistently expressed the desire for a visible, accessible, and present Mayor. Meeting that expectation requires administrative and logistical support so the Mayor can remain focused on high-priority civic duties, public engagement, and leadership responsibilities across the city.

This position enhances responsiveness and continuity while preserving the City's weak-mayor form of government, as the assistant does not exercise executive authority, direct staff, or make policy changes.

The Mayor's Assistant serves in a support and representative capacity only. All authority, decision-making, and policy actions remain with the Mayor and City Council as defined by the City Charter.

Hi Kameron,

The Mayor and Council budget line item is for \$253,485. I assume \$24,000 is for training and approximately \$52,000 is for mayor / council salaries. Please provide me with the makeup of the remaining dollars and the actual amount for salaries.

Also, if there is a job description for the assistant position in place, I'd like to see that as well. I want to make sure I have a good understanding of what we are being asked to approve.

Hi Casey,

Here is an explanation and job description of my proposed assistant. Feel free to edit.

The following is verbiage I pulled from the internet.

In Georgia's weak-mayor system, where the mayor acts as a ceremonial head and council chair, assistants work to bridge the gap between limited executive authority and municipal needs, they focus on facilitating communication, managing public relation. Fostering community cohesion, and coordinating between council members and city staff to drive local priorities.

Key accomplishments often achieved by assistants in these systems include:

Enhancing Civic Engagement: Managing public relation, representing the mayor at community events, and promoting civic awareness to strengthen community ties.

Facilitating Council Relations:

Coordinating with city staff and facilitation communication between the , often fragmented, council members to advance local priorities.

Ceremonial & Administrative Support:

Managing official correspondence, signing documents, and managing the mayor's schedule to ensure the "face" of the city function efficiently.

Policy Support: Although they lack formal veto or budgetary control, assistants help research and draft initiatives that the mayor can present to the council for approval.

Hi Kameron,

I've put together the proposed job description for the part-time Assistant to the Mayor, along with a few clarifications based on the recent discussion.

We know Conyers does run under a “weak mayor” system. That limits how much executive authority the Mayor has, but it doesn’t shrink the workload or the responsibility.

As you know, my job isn’t just about showing up at Council meetings. I represent the City at all kinds of official events, work with residents and outside partners, keeping up with new legislation, and making sure I stay trained and informed through groups like the Georgia Municipal Association. Honestly, it’s a lot, and doing it right takes steady admin and research help.

This isn’t about setting a new precedent or asking for special treatment. It’s about making sure the Mayor’s office can actually function well, organized, transparent, and professional.

The assistant would help with research, scheduling, keeping track of legislative changes, lining up training, and staying connected with the community. With that support, I can serve both Council and the people of Conyers better.

I appreciate everyone’s input on this request, and I’m committed to following the City Charter and our form of government. My goal here is simple: make sure the Mayor’s office runs responsibly and efficiently for the City.

Here’s what the Assistant to the Mayor would do:

- * Help with scheduling, correspondence, and organizing meetings, events, and official functions
- * Research topics for mayoral initiatives, policy work, and anything new that affects Conyers
- * Keep tabs on local, state, and federal legislation so the Mayor stays informed on anything that impacts city government
- * Find and coordinate training and professional development for the Mayor, including programs from the Georgia Municipal Association and similar organizations
- * Assist in preparing for council meetings, work sessions, community forums, and meetings with other governments
- * Help with communication and coordination for community events, outreach, and constituent work
- * Organize and keep track of documents, reports, briefing materials, and anything the Mayor needs for the job

This is a support role. The assistant won’t have the authority to direct City staff, supervise employees, or commit the City to anything.

Feel free to pass this along to the council members.

Thanks,

Connie Alsobrook

Good morning everyone,

Couple of comments regarding the agenda:

1. Are we supposed to approve the minutes from the last meeting or do we wait until the February 17th meeting?
2. The mayor's request for an assistant is not on the agenda. Since it isn't, I would like to have it postponed until the February 17th meeting to allow residents an opportunity to weigh in before we take a vote. This would be a more transparent way to handle it rather than throwing it in as an agenda revision at the work session.

Stay safe this weekend.
